
MICHELLE CALDER

“SUMMER LOVE”

Take me away to where the summer streets meet the sea
I'll meet you on rose topped mountains
So long as you're with me

'Cause I love the way you kiss me in the summertime
Those gentle breezes carry me away
And ooo, and I love the way you take your time
And ooo, you share your love with me

In fields of blue I walked with you hand in hand
But nothing beats those nights we shared
Strolling Port Howe's sands, yeah, ooo

'Cause I love the way you kiss me in the summertime
Those gentle breezes carry me away
And ooo, I love the way you take your time
And ooo, you share your love with me

Ooo, I love the way
You take your time
Ooo

Take me away to where the summer streets meet the sea
I'll meet you on rose topped mountains
So long as you're with me

'Cause I love the way you kiss me in the summertime
Those gentle breezes carry me away
And ooo, and I love the way you take your time
And ooo, you share your love with me
And ooo, you share your love with me
Yeah you share your, you share your
You share your love, with me
