

“The Close” - Michelle Calder

If you don't love me, just say so
It's okay, just let go
We'll be alright each on our own
These tears we cry, just let them flow
It's no longer you and I, sweet babe
Now we go alone

Ooooo, ooooo, ooooo

I did love you, so you know
I still do, even though
Your heart's no longer where I'm home
Worlds spent apart, the silence grows
The final night of our adventures
Has come, to a close

Ooooo, ooooo, ooooo

The final night of our adventures
Has come, to a close
