

“Snap (Most Dangerous Femme Fatale)”

[Visions of Thee - Original Short Film Soundtrack]

Been a long day tryin to find a man to treat me right
Looks like I'll be going home alone tonight
Drinking Cobequid copper lager beers
Shooting down players dorks and puppeteers
Make me wanna raise the roof get my butt in a fight

I'm not usually the type to cause a scene
But I'm getting mad and I'm feeling mean
You'd never tell me, from on the street
But I'm the most dangerous femme fatale
you'll ever meet!!!

You could hear those shots from Glendale to Beavercreek
So I stormed out of Great Roads like I was driving a tank
Only thing that set me off more than lampchop
Was bailing out of Sackville before the cops
And you've got stupid nick douglas for that to thank

I'm not usually the type to cause a scene
But I'm getting mad and I'm feeling mean
You'd never tell me, from on the street
But I'm the most dangerous femme fatale
you'll ever meet!!!

And I sure do love this bar
But I didn't come here to buy a guitar

I'm not usually the type to cause a scene
But I'm getting mad and I'm feeling mean
You'd never tell me, from on the street
But I'm the most dangerous femme fatale
you'll ever meet!!!
Oooh
