

# **“Dance Tonight”**

## **- Michelle Calder**

---

I just want to dance tonight  
Everybody by my side  
Dance tonight  
This heart is taking flight  
So dance with me tonight  
Dance tonight

I pull up at the festival grounds  
Drove cross province to this little town  
Can't wait to feel how this music sounds  
Sunkissed faces all around

And I just want to dance tonight  
Everybody by my side  
Dance tonight  
This heart is taking flight  
So dance with me tonight  
Dance tonight

And the singer sings Ahhh  
And the crowd sings Ahhh  
And everybody sings Ahhh

And I just want to dance tonight  
Everybody by my side  
Dance tonight  
This heart is taking flight  
So dance with me tonight  
Dance tonight  
Dance tonight  
Dance tonight
